TEAM EsTEAM. Keeping you informed on the latest and greatest with TEAM Santa Rosa.

Please reply to this email if you wish to be removed from the EsTEAM distribution list.

Representatives of project B-Kewl are reviewing incentive packages for tax credits, state and local incentives and ad valorem tax exemptions. The company is reviewing two other national sites and TEAM is working to retain them in Santa Rosa County.

Planning is ongoing for the construction of the Whiting Aviation Park entrance. TEAM is working with county engineers and other county departments on the proposal for the park entrance and master planning for the taxiway, tarmac and storm water management. The recommendation will go to the County Commission in January.

Introducing, The TEAM Santa Rosa Road Show! Our board meetings this year will be held at various locations in the County. We are also going to be inviting members of the chambers of commerce to these meetings so we can involve more people in the community in what we are doing. Dates and locations are forthcoming.

In effort to meet the needs of our TEAM members, we have created a page on our website to answer any questions related to TEAM Santa Rosa and sunshine. As questions arise, we will develop answers and provide legal review prior to posting. [Click here](#) to check it out, or go to "Resources" on the TEAM homepage.
