

EsTEAM

November 23, 2009

TEAM EsTEAM. Keeping you informed on the latest and greatest with TEAM Santa Rosa.

Please reply to this email if you wish to be removed from the EsTEAM distribution list.

TEAM Santa Rosa met with a major aviation company since the last EsTEAM. The international company is looking to possibly expand to the Whiting Aviation Park in Santa Rosa County.

A southeastern-based company that produces components used in green alternative energy equipment has worked with TEAM to visit two potential sites in Santa Rosa County. This company is looking to expand and relocate their base of operations.

TEAM Santa Rosa and the County have been working with Paradise Air to bring one of their training and assembly plants to the area. A possible location in Santa Rosa County could be Peter Prince Airport in Milton. The project could bring 20 jobs in the next several months and possibly dozens more.

TEAM hosted Leadership Santa Rosa on their Economic Development day and coordinated visits to ATI, Bay Area Food Bank, Trinity DNA, West Coast Metal Roofing and other industries in Santa Rosa County.
