---

TEAM Santa Rosa will announce Thursday whether "Project Snake Eyes" will bring more than 500 high-paying jobs to the county.

Local officials said in March that a high-tech company -- known only as "Snake Eyes" to protect the business' confidentiality -- had identified Santa Rosa County as one of three finalists for a new facility. TEAM Santa Rosa Economic Development Council Inc. distributed a news release Wednesday that said officials would announce the company's final decision at the Santa Rosa County Board of County Commissioners' meeting that starts at 9 p.m. Thursday at the Commissioners' Meeting Room, 6495 Caroline St. in Milton.

TEAM Santa Rosa, a private, nonprofit corporation contracted by the county commission to promote economic development, also will present its annual report to the commission at Thursday's meeting.

Navarre Press will report new information as it becomes available.
